

# Webfleet ELD Manager

Save time, costs and stay compliant with Webfleet eld manager

Webfleet ELD Manager is the reliable all-in-one solution to stay compliant with ELD FMCSA mandate around Hours of Service (HoS). It's compliance made easy.

## FEATURES

### HOURS OF SERVICE (HOS)

Easy to use for simpler compliance and greater efficiency, Webfleet ELD Manager allows business to have the complete peace of mind for compliance with ELD legislation around HoS.

Unlike other providers, our log grid clearly shows violations.

- Violation icon makes it easy to identify an issue and ensure that corrective measures are taken
- Violation action report is available for download from the web portal
- Report can be completed, printed, signed by all parties, scanned and attached to the violation record
- Lock screen shows driving shift and cycle time remaining
- Buttons can change color from green to amber red, indicating impending violations.

### DATASMART ELD™

Datasmart ELDTM offers instant FMCSA Web Service access at a compliance stop with real time HOS log updates for Fleet Managers, allowing real time traffic monitoring.

- HOS subscription for just \$18 per truck
- 1 GB data plan for PRO 8375M

## BENEFITS

### MAKE COMPLIANCE SIMPLER WITH ELD MANAGER

- Prove Hours of Service compliance (RODS - Records of Duty Status)
- Complete visibility of drivers available for duty
- Ensure your DVIR checks are completed in accordance with regulations
- Protect your CSA score (Compliance Safety and Accountability).

### SAVE COSTS, BOOST PRODUCTIVITY

- Eliminate paper forms
- Eliminate fines and penalties
- Help office staff save time with quick audit of driver logs online
- Effectively manage vehicle defects, and enable preemptive maintenance to save cost and minimize downtime.

### STAY IN CONTROL

- Always know driver and vehicle compliance status
- Create customized DVIR check lists for vehicle inspections
- Easily identify and manage issue and conflict resolution i.e. unknown driver on trip
- Better communication and information flow between manager and driver.

### BENEFITS FOR THE DRIVER

- Empower drivers with a simple App to help them comply with legal obligations
- Simple check list for DVIR inspections
- Always know how much duty time is remaining (HoS)
- Visual notifications alerting drivers when approaching legal limits
- Reduce time spent filing Records of Duty
- Simplified procedure for roadside checks
- Improved driver safety - clarity of remaining driver hours for Manager, Dispatcher and Driver.
